About Me

Hello, my name is Eden. I'm 21 years old. I started concert photography in March 2022 by going to a show of Charming Liars and Palaye Royale in Solothurn. This is something I've always wanted to do and took time to start, but I truly feel on the right path since the day I took my first shot.

Building Photography

Concert photography is more than just a show report. It's a concept to build from the bottom to the top.

Concert Photography

The thing is to not post what you want to post, but what the fans are looking for.

Work Experience

Earama

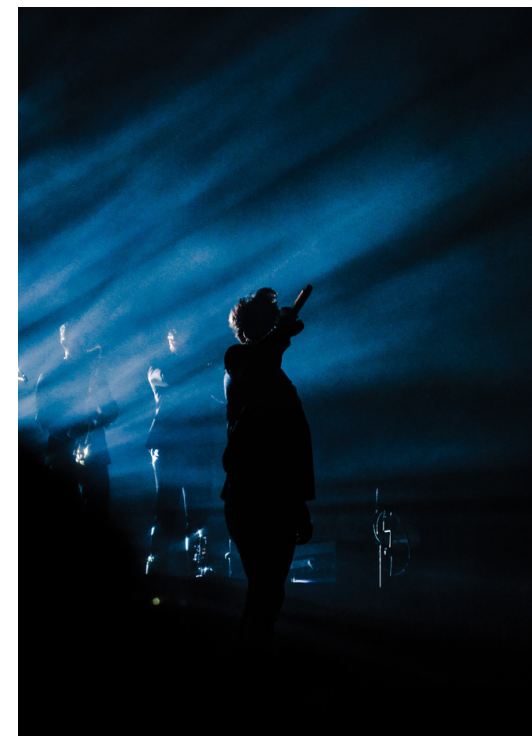

Journalist & Photographer since 2020

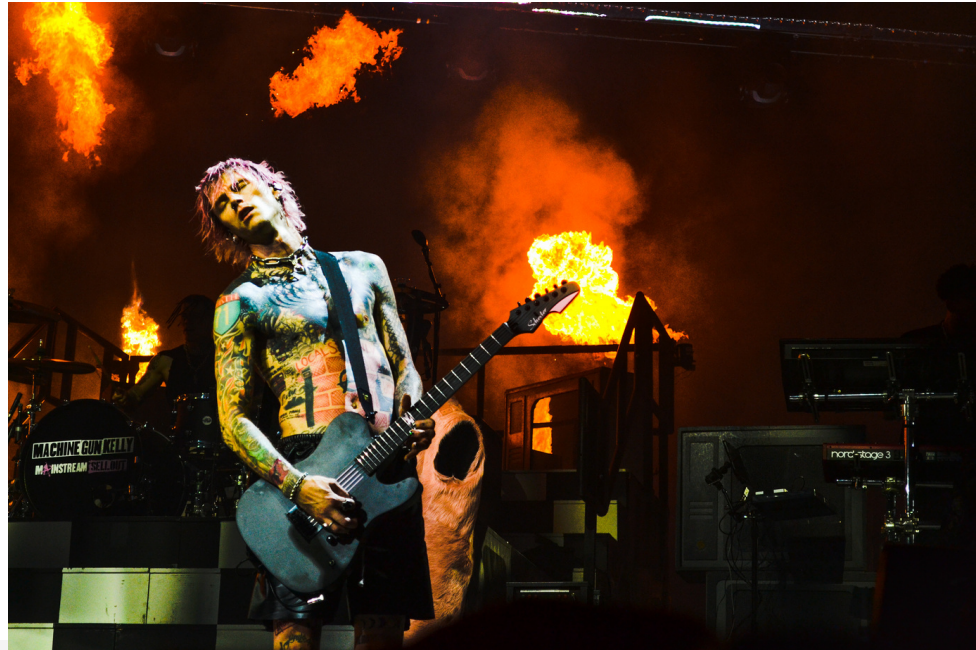

Bisiot Photography

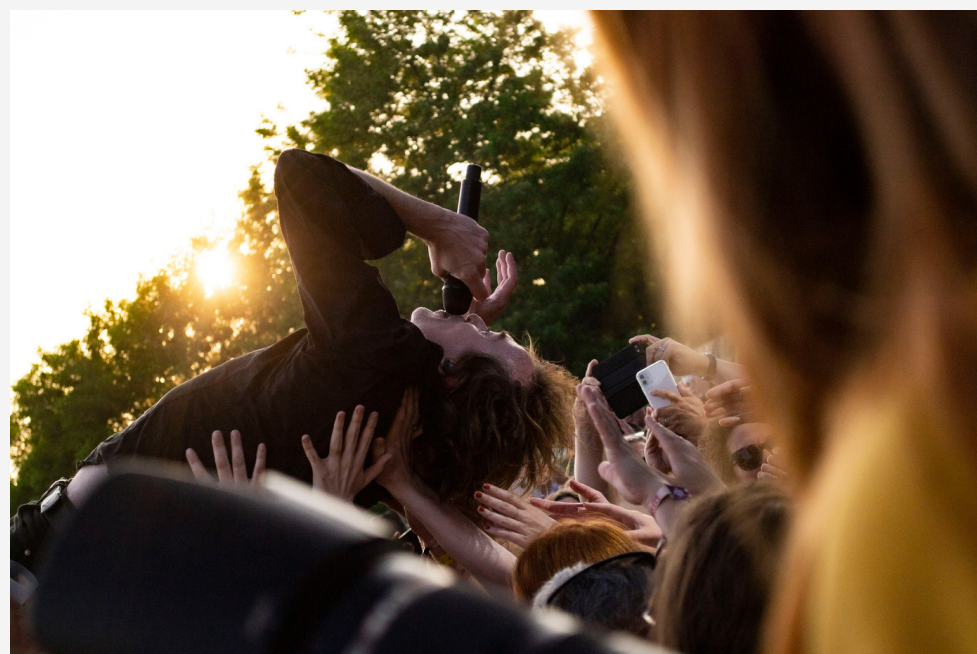

Concert and portrait photographer since 2020
